

:30 Music Edit Project (100 points)

Name: _____

Period: 1 4 5 6

Date : _____

PURPOSE: Convey the mood of the music using various shot types and angles.

Project Due Date: _____

ASSIGNMENT: Using a :30 music selection as your audio track, storyboard an idea that fits the mood or theme of the music. The music should work together with your shots and angles to tell your story. You must carefully plan every shot and shoot the video in the most time efficient order. Then edit your video to the music using Final Cut Pro. Begin the video with a Fade-In from black and end with a Fade-Out to black.

- DIRECTIONS:**
1. Listen to and select a :30 of music from the choices.
 2. Plan a :30 story line that will use the music as the only audio.
 3. Use storyboard to plan shots. Include a description under each frame.

For example:

MS, LA

Bill looks around corner of hall.

4. Get storyboard approved by instructor before checking out camera.
5. Shoot your project.
6. Edit project to music.
7. Turn your project in along with project sheet and storyboard.
